TECHNICAL SKILLS

Languages & Technologies: JAVA(4/5) , C(2/5) , OOPS (4/5), RESTful API (2/5),HTML, CSS.

Frameworks: SpringBoot (2/5).
Developer Tools: VS code, IntelliJ, Git, GitHub.
Database: MySQL(3/5).
Soft Skills: Communication, Problem-Solving, Critical Thinking.

EDUCATION

-ADIKAVI NANNAYA UNIVERSITY, RAJHAUMUNDRY   *2023-2025*
 Master of Computer Applications(MCA)   CGPA - 8.6

·S.V.K.P & Dr.K.S.Raju Arts & Science College, PENUGONDA   *2020-2023*
 Bachelor of Science(B.Sc) Computer science   CGPA - 8.72

·POORNODAYA JUNIOR COLLEGE, MARTERU   *2018-2020*
 Board of Intermediate Education, ANDHRA PRADESH   CGPA – 9.3

·SRI CHAITANYA TECHNO SCHOOL, PENUGONDA   *2017-2018*
 Board of Secondary Education, ANDHRA PRADESH   CGPA – 9.3

INTERNSHIP

·ADIKAVI NANNAYA UNIVERSITY || IBM EDUNET   *May 2024 - June 2024*
 AI&ML INTERN-> 2-MONTHS INTERNSHIP   RAJHAUMUNDRY

 – Completed the online internship on AI and ML offered by the IBM Edunet.
 – The internship was offered by the state government through APSSDC which was a skill development corporation collaborated with IBM.
 – Acquired the practical knowledge on the Machine Learning models, created a ML model on Sentiment Analysis by using different algorithms.

PROJECTS

 – **MY DAIRY APPLICATION USING SPRINGBOOT**

 ∗ Developed a Spring Boot – based RESTful Application with MYSQL integration for a personal dairy management system with full CRUD operations for dairy entries. - Github

 –**WEATHER APPLICATION USING SERVELTS**

 ∗ Built a weather forecast web application using servelts and jsp that fecthes real-time data from the OpenWeather API based on the user input.
 ∗ Programming Language : Java

 –**DIABETES PREDICTION USING ML**

 ∗ Developed a predictive model using voting classifier which uses 4 algorithms to predict if a person has diabetes or not with a 90 % acccuracy.
 ∗ Programming Language : Python
